

Continuing Competency Program

Declaration Form

The *Health Professions Act* requires the college to establish and maintain a continuing competency program to promote high practice standards amongst registrants. To be eligible to renew or reinstate full or provisional registration, COTBC registrants must meet continuing competence requirements. One requirement includes completion of a self-assessment and creating a professional development plan for enhancement of practice.

Fulfilling your annual continuing competence requirements indicates to the public that you take your professional obligation to practise in a safe, ethical and competent manner seriously. Assessing and maintaining your competence is an important way to sustain the public's trust in occupational therapists.

I hereby certify that I have:

- Completed the self-assessment tool based on the college's *Essential Competencies of Practice for Occupational Therapists in Canada 2nd Ed.* within the past two years.

Date of Self-Assessment _____

I hereby certify that in the immediate year preceeding renewal I have:

- Established and implemented my annual professional development plan based on my self-assessment.

I acknowledge and provide consent to the college to verify, at its discretion, any information I have provided. I understand that a false or misleading statement may result in a review of my registration or may be cause for revocation of any registration granted to me.

Signature of Applicant _____ Print name _____

Registration # _____ Date _____

Signature of Witness _____ Print name _____
